

FD-2254-FMT-CP Shower Drain 2" x 3" Connection

Recommended in showers where a membrane is generally used. The head is adjustable to meet finished floor elevations. The drain is furnished with a 6-1/2" diameter PVC or ABS body, beveled clamp collar and head assembly. Complete with a chrome-plated brass strainer. Fits over 2"[51mm] and inside 3"[76mm] sch. 40 DWV pipe.

Options:

- **-PB** Polished Brass
- **-SS** Stainless Steel Strainer
- **-VP** Vandal Proof
